3004 Aluminum!

Designed to exacting industry standards, our Teflon® coated fry pans use heavy gauge aluminum construction and certified DuPont™ finishes. This quality construction gives our fry pans longer cooking lives and better cooking results. The chrome-plated steel handles are attached with three non-stick rivets, giving the interior a completely uniform non-stick surface. Heat-resistant molded stay-cool handles are available.

- 3004 Aluminum
- Heat-resistant molded handle (up to 450° F)
- DuPont™ Teflon® non-stick coating
- Chrome-plated steel handle

Polished Finish
