# Plastic Sheet Pan Covers

Our new and improved plastic sheet pan covers fit most standard sheet pans saving time, money and space with every use.

A TOP 25 SELLER!

Sheet Pan Covers are more robust and more universal fitting than before!

Sheet pans are used in so many parts of your food service operation. Focus Foodservice now provides a way to make even better use of these versatile pans. Simply snap these covers on pans and you can store and transport food without the risk of germs, dirt, or dust touching food products.

- Keeps contents sanitary
- Snap-on fit
- Fit most standard aluminum sheet and display pans
- 3 Convenient sizes to choose from
- Dishwasher safe polypropylene construction

IMPROVED DESIGN

Bottom tabs fit securely to pan.

90PSPCHF

We've strengthened the overall surface material and added larger tabs to all **four** sides to create a more durable and versatile sheet pan cover.

BPA | 5 PP | NSF

Minimal Height - Maximum Results
The plastic sheet pan cover creates more usable space above the rim of the sheet pan for taller cakes, pastries, etc. while maintaining a very low profile.

2.25"

Durability and Stackability
The rigid construction of our polypropylene covers allow items to be stacked, stored or transported while minimizing damage to contents.

Conveniently Compact
These plastic sheet pan covers nest together neatly to save space and are extremely light-weight.

CAUTION:
- **Not for use in ovens or with hot pans**
- **Fit is not air-tight or leak proof**
- **Half size sheet pans with covers on will not fit on sheet pan racks**
- **Covers will not work with open bead design**

GO GREEN
Eliminate the need for film or foil to cover sheet pans to protect food, saving you time and money.

Lock & Load
Full size sheet pans covers snap-on tight and fit on most front-loading sheet pan racks.
