

## EXTRA PROTECTION ON ONE HAND, NITRILE PERFORMANCE ON THE OTHER

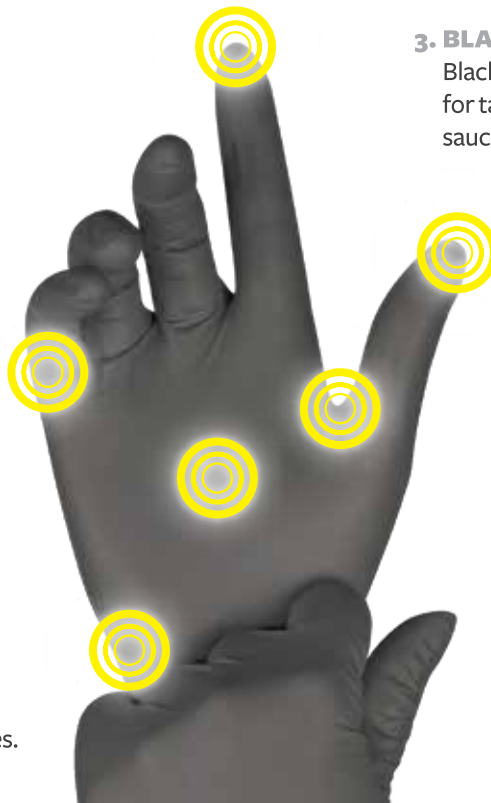

**STRONG, VERSATILE, AND COMFORTABLE,** new JobSelect® Powder Free Black Nitrile gloves are engineered for maximum multi-purpose performance. Combining the highest quality disposable glove characteristics, these gloves are outstanding for foodservice applications, handling cleaning agents, automotive materials, dyes, and general utility items.

### 1. NITRILE

Nitrile is the best disposable glove material for resistance to acidic foods, like sauces, and many on-the-job chemicals.

### 2. EXCELLENT STRENGTH

At **4 Mils** gauge, this is stronger, more durable, and more puncture resistant than standard nitrile gloves.

### 3. BLACK COLOR

Black color makes this glove ideal for tasks that require handling sauces, oils, dyes, etc.

### 4. SAFE AND LATEX FREE

Nitrile gloves eliminate the risks of latex protein exposure that can cause allergic reactions.

### 5. FORM FITTING AND COMFORTABLE

Form fitting and flexible for maximum fingertip sensitivity.

### 6. PEBBLE TEXTURE

Pebbled surface enhances grip, improves dexterity and tactile performance.
